# *Announcement*

We invite you to attend our sale of carefully selected breeding cattle, consisting of a choice lot from our breeding herd, together with 35 of the tops from the herd we purchased from Dillard H. Clark last September, a number of these are bred to our herd bulls. They represent the best of blood lines, and most of them are sired by Maxwalton Harvester, Edellyn Radiant Command, Edellyn Royal Favorite or College Premier.

Several outstanding young bulls by above sires will be sold, and we also offer College Premier, who has made a good record as a sire and show bull. The bred females carry the service of the above named bulls, or our young herd sire Kilmarn Max 104th.

Cattle from our herd have made enviable records in many herds. This offering can continue these records for their purchasers.

## *Guarantee*

All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but at their risk of loss or injury.

## *Terms*

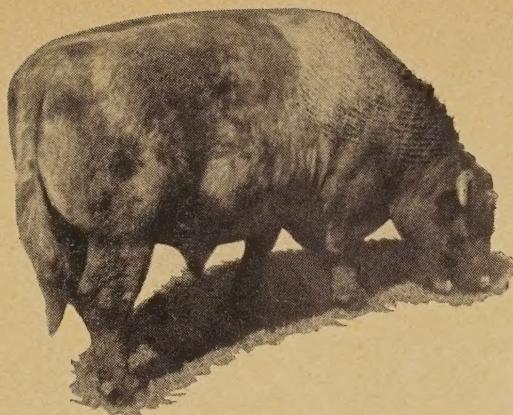

The terms of the sale are cash.

## *Health*

Our herd accredited for T. B. All animals have been tested for T. B. & Bang's disease and can be shipped anywhere. All females have been vaccinated for Bangs.

**Bring This Catalog To The Sale With You**

**MAXWALTON HARVESTER** has done wonderful service in our herd. His sons have gone into good herds and made good sires. His daughters are developing into good producing cows. The country needs more sires like him.

## Guarantee Approved by American Shorthorn Breeders' Association

1. Proper care must be given by purchasers to protect breeding qualities and health of guaranteed animals.
2. All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf must be reported within six months. Females over 16 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian, or Veterinarian deputized by the State Veterinarian, who is co-operating with Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. Blood test will be made when it is required by the destination State or Country.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.
7. TERMS: Cash, except other arrangements are made before the sale. All settlements to be made immediately after the close of the sale. The above guarantee and terms shall constitute a contract between the seller and purchaser of each lot.
